Who is NCBC?

National Consortium of Breast Centers (NCBC)

Founded in 1984, NCBC is a nonprofit membership organization dedicated to excellence in breast health care for the general public. Members include breast health professionals who provide direct patient care and corporations and businesses that provide services or products to breast health professionals and their organizations.

Why Partner with NCBC Advocates?

- **High Visibility:** Gain exposure to a targeted audience through our events, publications, and online presence.
- **Community Impact:** Support our diverse advocate program initiative that directly benefits the community.
- **Brand Alignment:** Associate your brand with a respected organization dedicated to improving the quality of breast health across the country.

What Does Your Partnership Mean for NCBC Advocates?

- Our goal at NCBC is to ensure that no matter where a patient is diagnosed with breast cancer, she has the same chance of surviving the disease through education, access to technology and care. With over 500 NCBC Facilities across the country, we continue to set the standard in the area of Breast Care.

NCBC VISION

- To positively impact quality breast care and improve the experience, satisfaction and outcomes of the breast care patient as well as the care providers while being recognized as the premier organization supporting interdisciplinary Breast Centers in the world.

The corporation is operated exclusively as an educational, scientific and charitable organization within the meaning of Section 501(c)(3) of the Internal Revenue Code.

Support the 5th Annual NCBC Survivors & Advocates Summit

Theme: The Pursuit of Balance

The NCBC Advocacy Summit is a national gathering of breast cancer survivors, advocates, and medical professionals, focused on improving patient care through education, connection, and empowerment. With over 600 attendees, this event is a powerful platform to advance breast cancer advocacy—and your sponsorship makes it possible.

Why Sponsor?

Your support helps deliver vital resources, expert-led sessions, and wellness tools to communities affected by breast cancer. Sponsorship ensures access to high-impact programming on topics like:

- **Metastatic breast cancer**
- **Mental health and chronic pain**
- **Health disparities**
- **Financial toxicity**
- **Nutrition, yoga, and emotional recovery**
- **Advocacy in underserved populations**

Key Event:
